

Willow Dog Mushers Association

September Minutes

September 23, 2015

Meeting called to order at 7:12pm at the Willow Community Center by Secretary Jamie West. A quorum was present. The Board members present were JP Norris, Kari Skogen, Sue Morgan, and Jamie West.

Secretary report by Jamie:

August minutes were read and approved with corrections. It was decided that from now on only the Board members present would be listed instead of the membership present. The sign in sheets would be kept on file in case more specifics were needed.

Committee and special group report:

Trails-Steve reported that the Deception Creek Trail may have better access with Borough improvements at the end of 4 mile Road. The negatives of easier access include ATV damage to wetlands.

Forestry-Chris is supposed to be called when there is business pending. She has not been called.

Race Committee-Marianne was at the last race committee meeting. What is most important to her is having a slot for kids races because of limited races available for them in the area. She will check with Montana Creek for Junior Races, but thinks the club should consider the lack of kids races as an important issue.

Sue wants the Earl Norris Race that is associated with the Winter Carnival to continue, but she wants to have help managing it because she also may want to run the race. Kari has information from the last few years to help with info and will also be available for possible questions.

Unfinished Business:

1. Bylaw changes were tabled.
2. On line version of membership cards not finished
3. Guest presentation and workshop ideas--- tabled
4. Other unfinished business removed were a) the website and b)gaming permit

New Business:

The need for new merchandise to sell was brought up by Sue.

The Willow Jr 100 request for a donation needs to be addressed ASAP. Chris will fill in the application.
